ORDER

WHEREAS:

- A. By Order No. G-178-10 dated November 25, 2010, the British Columbia Utilities Commission (Commission) approved the propane commodity rate increase for the Sun Peaks Utilities Co. Ltd. (SPUCL) service area effective December 1, 2010;
- B. Pursuant to Order G-178-10, SPUCL filed with the Commission a report on the Gas Cost Recovery Account balances and forecast propane costs for the following 12 months on May 16, 2011;
- C. On May 26, 2011, SPUCL subsequently filed an application for a Gas Commodity Increase of \$4.00 per gigajoule for all Rate Groups (Residential, Small Commercial and Large Commercial customers) to be effective June 1, 2011, as a result of higher than expected and continuing higher than expected propane costs;
- D. The proposed change will increase the annual bill for a typical customer by approximately 12.9% for a townhouse, 18.7% for a detached house, 20.1% for a small commercial, and 20.5% for a large commercial hotel;
- E. Even with the proposed increase, the debit balance in the Gas Cost Recovery Account for Commodity is forecast to continue to grow;
- F. The Commission has considered the proposed change to propane charges, and finds that the change to customer rates is necessary.
